- Contribute to achieving inclusivity and equitable access to Hugenote Kollege for all prospective and current students and staff in pursuit of excellence;
- Facilitate effective learning and teaching, research, and service delivery at Hugenote Kollege;
- Promote multilingualism as a characteristic of Hugenote Kollege.

3. SCOPE

5. PRINCIPLES

The Hugenote Kollege:

- Acknowledges that there are eleven official languages in South Africa that all official languages have equal status and that they all should be treated equally;
- Adopts the principle that a language policy may not result in any person being denied reasonable access to higher education;
- Adopts the principle that a language policy must be affordable.
- The languages used at the Hugenote Kollege should promote access to and success in academic, administrative, professional and social contexts, and should not constitute a barrier to students or staff.

- All aspects of the Language Policy and the implementation thereof in teaching and learning should facilitate pedagogically sound teaching and learning.
- In conducting its business, the College shall use two official languages, namely Afrikaans and English.
- Documentation of primary importance (e.g. policies and strategic Human Resources documents relating to service conditions) is made available in Afrikaans and English. (South African English)
- Tuition programmes can be presented either in Afrikaans or in English or both these languages of tuition, provided that there is a demand for instruction in the language(s) concerned and that such programmes are academically and economically justifiable.
- Afrikaans and English are to be used and developed as academic languages to achieve excellence in academic communication.
- In respect of administrative and other services, clients shall have the right to choose whether the College should communicate with them in Afrikaans or English.
- All students are entitled to write tests and examinations in either Afrikaans or English. A lecturer may not apply pressure of whatever nature to induce students to write tests or examinations in a specific language. This also applies in principle to assignments. Students enrolled for professional qualifications may however be required from time to time to complete a task or tasks in a particular language as part of their professional training.
- In residences and other living environments, language is used in such a way that, where reasonably practicable, no stakeholder is excluded from participating in any formal activities in these environments.
